Home: No.105, Winston Park, Minuwangoda road, Kadirana, 11500 Negombo (Sri Lanka)

ABOUT ME

Motivated network engineering professional with a **Diploma in Network Engineering (Distinction, GPA 3.83)**, currently pursuing a **Higher National Diploma** and **CCNA certification**. Experienced in **designing secure, scalable networks** and recognized for leadership as a **prefect, President Scout, and Karate Black Belt**. Passionate about technology and delivering innovative IT solutions.

PROJECTS

[12/2025]

System Administration Project

- Configured and deployed pfSense firewall for network security and traffic filtering
- Implemented HAProxy for load balancing and efficient traffic distribution
- Enhanced network performance, availability, and security
- Applied firewall rules, NAT, and routing concepts in a practical environment

[09/2025]

Developed and configured a network architecture.

- Designed and implemented enterprise-level IT infrastructure using Windows Server and Linux
- Configured Active Directory Domain Services (AD DS) for centralized management
- Deployed BIND DNS (Master/Slave) with secure zone transfers and failover
- Hosted Apache web server with 6 virtual hosts (name-based & IP-based)
- Integrated Windows and Linux clients into a domain environment
- Performed DNS failover testing to ensure high availability

[10/2025]

IoT Project

- Designed and developed an IoT-based Smart Home System using ESP32 and Arduino Uno
- Integrated 7 sensors (rain, LDR, heat, gas, ultrasonic, etc.) for automation and safety
- Implemented keypad-based automatic door lock with LCD display interface
- Developed smart features including automated lighting, fan control, and water pump system
- Built gas detection and motion detection systems with real-time alerts and buzzer activation
- Connected system to a custom mobile application for remote control and monitoring

[11/2024]

Designing and Implementing network Infrastructure for a company

- Designed and implemented a secure and scalable network infrastructure for a 500-user organization using Cisco routers and switches, including VLAN configuration, subnetting, and network connectivity optimization, as part of a four-member team, earning an A grade.

EDUCATION AND TRAINING

BSc (Hons) in Ethical Hacking and Network Security (Reading)
Coventry University [03/2024 – Current]

Country: United Kingdom

Higher National Diploma in Network Engineering (Reading)
National Institute of Business Management [03/2025 – Current]

Country: Sri Lanka

Diploma in Network Engineering - Distinction (GPA 3.83)
National Institute of Business Management [03/2024 – 03/2025]

CERTIFICATIONS

RHCSA - Red Hat Certified System Administrator (Reading)

CCNA- Cisco Certified Network Associate (Reading)

SKILLS

Firewall Configuration / Cisco Routers / C++ / HTML / Windows Server / Microsoft Office / Networking / Active Directory / Windows / Linux / VMware / DHCP / DNS / RedHat / VPN / System Administration / Firewalls

HONOURS AND AWARDS

[2021]
President Scout

[2020]
Black Belt in Karate

VOLUNTEERING

[2021 – 2022]
School Prefect

[2017 – Current]
Scouting

LANGUAGE SKILLS

Mother tongue(s): Sinhala
Other language(s): English
